My business has been established over 25 years and I am ready to sell collections large or small. Terms on application. Will endeavor to please you. Send in your bids promptly and do not wait. P.S.—Will be pleased to make reservations at the well-known Bellevue Hotel for anyone contemplating staying for the sale.

TERMS OF THIS PUBLIC AUCTION SALE

This is a public Auction sale and bidders unknown to me are requested to give bank or other reliable reference or their bids cannot be executed. Or otherwise kindly forward in advance remittance of 25% of the amount of your bids. Auction sales are strictly for cash. Your bids are as binding as any contract, so do **not** bid unless you are sure you can pay for what you bid on. No claims will be allowed unless same are made promptly. The cataloguer has endeavored to describe all coins fairly and to mention any defects.

Coins and medals, &c., are sold at so much per piece. If there are 3 pieces in a lot and you wish to bid \$4.50 for the lot then bid \$1.50 for each &c. A 5 per cent charge will be made for packing & shipping on any coins purchased. Send your remittance by money order New York or Boston draft as checks sent by parties unknown to me would have to be verified.

Send in your bids on receipt of catalogue as many bids have to be entered and it is always to the advantage of the bidder to send his bid in at once. In my last sale some bids came in too late and could not be executed.

Do not bid less than the bullion value of silver and gold coins. A silver coin is always worth its bullion value and considerable over this as a rule, and gold coins dollar for dollar. All coins are guaranteed genuine in this sale.

A Collection of Hard Times Tokens

The property of a well known collector who by request wishes his name withheld.

These pieces are of special historic interest to the people of this country as they were issued at a time when monetary conditions were in a precarious condition, furthermore these tokens treated on the political conditions of that period and are without doubt the most historic of coinages issued at that time. They were generally circulated from 1832 to 1844. During that period they were generally used in the place of money and are now called Hard Times Token.

In 1896 Lyman H. Low of New York City issued a work on these pieces, which was again revised in 1899 and is recognized as the standard work of its kind and these numbers are used in listing these pieces. In 1906 he issued a revised supplement and a few numbers were added that should have been put in the previous edition also a few errors and omissions &c were corrected. Some of the below given pieces listed and that appear in his book are now of great ~~variety~~ rarity.

This collection while not entirely complete only lacks a few of the entire numbers listed in his work and contains many extremely rare pieces and I predict that the time is coming when these pieces will treble in value. Furthermore collectors have not taken one quarter enough interest in this series as they do not realize the historic significance that these pieces represent. This collection is probably the second finest of its kind known. The collection is sold as one lot, though listed as one hundred and sixty-one pieces. Bid so much per piece for the entire lot.
